Information ArtErasa Group Int.

The ArtErasa Group Int. is an enterprise that commits itself to the international handling and management of the arts. Thereby the establishment of cultural free spaces is given top priority.

Our unique service includes:

- to erase art material and thereby to create cultural free spaces
- to provide solutions for all types of art material - from architecture to net-art
- to get involved in culture ecology-minded and future orientated
- to take a clear position in times of cultural changes

With our effort we attempt:

- to participate actively and sustainable in the cultural development
- to establish and to provide cultural free spaces for the possibility of creative self-determination
- to provoke an appropriate reaction concerning the cultural mass production

The projects we offer:

- *VotErasa* - is our service in consideration of the public opinion - people suggest artworks
- *ConceptErasa* - helps to create individual profiles and offers assistance in conversion of events
- *SelfErasa* - means certification of self-engaged action and awarding our title to recognisable attainments

The ArtErasa team:

- exists since 2007 and since then continually grows
- consists of architects, journalists, lawyers, art historians, artists, media designers and computer scientists
- develop concepts in decentralised and project-related joint ventures
